Art Unit: 1625

**REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art does not teach or fairly suggest the claimed compounds. See, for example, USP 5,338,865 which teach halichondrin B compounds. The compounds differ from the claimed compounds in that the ring does not contain a lactone linkage but rather a ketone linkage. Further, the big ring is fused with a pyran fused to another pyran. See column 2 lines 50-63 and the structure below.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
